Community engagement strategy update

VALLEY FIBER

PRIVILEGED & CONFIDENTIAL | 2025

As we scale, our community approach needs to scale with us

Relationships with the communities we serve, not just connections.

As we scale, Valley Fiber's community approach has to scale with us — without losing what makes us different.

STARTING ON THE RIGHT FOOT MEANS

Excited communities
People look forward to our arrival

No unpleasant surprises
The right information lands before we do

No expectation gap
What people expect is what they get

The solution has to be intentional and balanced

Three design principles for an approach that lasts

01

Scalable
to our people and budgets

Built to grow with the network without overtaxing our resources.

02

Repeatable yet flexible
for each community's nuances

One proven playbook, tuned to local leaders, culture and timing.

03

Infrastructure,
not a campaign

A lasting system we run every time — not a one-off push.

Four objectives, one purpose: communities who welcome us

1

Prevent surprises
with the right information at the right time

2

Communicate value
of Valley Fiber

3

Show we give back
not just take

4

Turn residents into ambassadors
for our brand

ONE PURPOSE **Communities who welcome us**

Three signals tell us whether this is working

How we'll know the approach is landing

01

Fewer

preventable complaints about our presence

02

More

positive sentiment in the community

03

Good uptake

of sign ups, bundle attaches and the referral program

Audiences

Who we engage, and the role each plays

Community leaders

Mayors, Reeves, CAOs, Chiefs

ROLE

Credibility

Their endorsement signals we can be trusted.

Influential businesses

Local anchors

ROLE

Local reach

Partners in giving back to the community and spreading the word.

Residents

The people we serve

ROLE

Brand champions

The people we want to welcome and equip to spread the word.

Three buckets of tactics, one for each job

BUCKET 1

Community info

Answers questions without us there

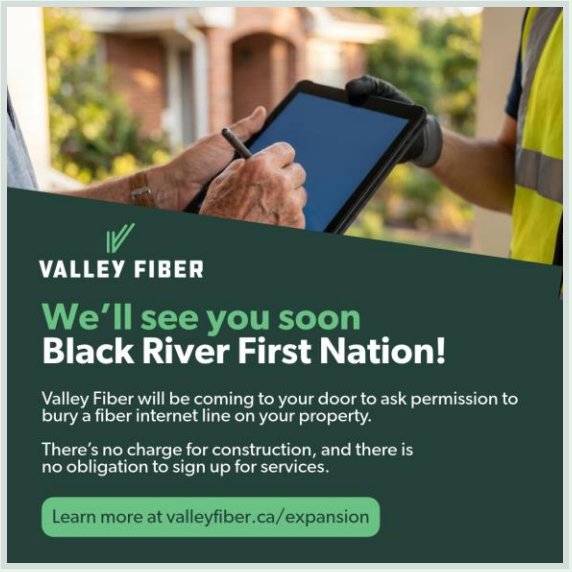

FAQs, posters

BUCKET 2

Community marketing

Builds familiarity and goodwill

Promotional social content

BUCKET 3

Decision leader info

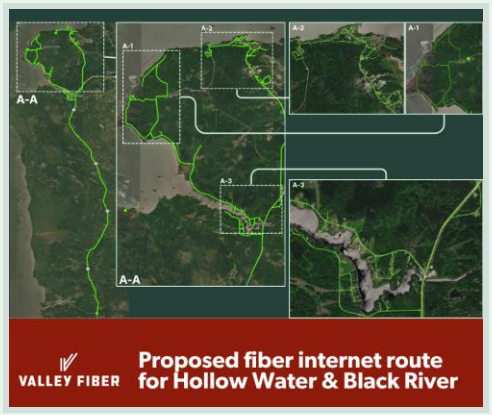

Opens the door with leaders

Decision leader journey

	Before we arrive	Construction and restoration	Door-to-door	Decision	Living with us
	If needed, reactive reply to a leader who raises concern				
Leader lane	**Intro letter and Investment Positioning Message**	**Heads-up before work starts (letter 2: how to recognize crews, who to call, Do Not Knock registry)**		**How we support a community**	
Resident is thinking	Who are they, and why are they here?	What are they doing to my yard?	Who is this at my door?	Is this worth it? Can I trust them?	Did they keep their word?
Surprise risk	Hearing about us first from a crew	Disruption with no warning; yard not restored as expected	An unannounced knock	Pressure or confusion	Only hearing from us at billing time
Our touchpoints	Leader letter, community FAQ, social posts, bill inserts, newsletter content	What-to-expect notice, restoration FAQ, poster	Advance notice of who will knock; Do Not Knock option	Clear info, no-pressure follow-up	Non-ask content, events, referral program
Objective served	**Prevent surprises**	**Prevent surprises**	**Prevent surprises**	**Communicate value**	**Give back; build ambassadors**
How we'd know	Leaders sharing our info	Preventable complaints	Preventable complaints, opt-outs	Sign-up rate	Touchpoints, referrals

Brownfield vs. greenfield

Same principles, different emphasis

NEW COMMUNITIES

Greenfield

Introduce, set expectations

VS

EXISTING COMMUNITIES

Brownfield

Maintain momentum, repair when necessary

Same toolkit • **Similar journey** • **Same principles**

What we've built so far

The content is taking shape

Leader letter journey
and community kit

A letter series for decision leaders, plus ready-to-use posters, FAQs and social content.

Do Not Knock registration
via communication preferences

Residents can opt out of door-to-door visits before we arrive.

Community communications package
e.g. Moose Lake

A complete local package delivered for a live community.
